

ERSEY THIRSTDAYS HASH HOUSE HARRIERS

17th November 2011

Run Number 190

Rock Station, Rock Ferry

Snoozanne, Overdrive (Co-Hare), Cleopatra (Co-Hare), Carthief, 10", Compo, Mad Hatter, Tia Maria; FCUK; OTT

Rock Ferry was a new venue for the MTH3 with some salubrious and some less so areas but the Hares had done their work well although **Compo** commented that it should be a short run as recent runs had been quite long. Mmmmm possibly short by Overdrive – Cleo standards.

FCUK had involved his children in the manufacture of the kangaroo mask (in case you did not recognise it for what it was) to welcome **Carthief** back from Down Under.

The Hares explained the markings with their almost trademark fishhook

where all the FRBs do an about turn and retrace their steps to behind the backmarker.

Off we went and immediately over the railway line and into Rock Park.

A Check Back slowed the FRBs down

A curious memento from the trail setting met our torches

On down to the Mersey and along the river's edge to the dreaded

Where the FRBs initially thought that they had to only run to behind the SRBs before running on but the Hares corrected their misguided ways and it was not until the backmarker had reached the fishhook that the frontrunners were released from their shackles.

Compo managed to find a gate off to the side of the river's edge

And the artistic efforts of the Hares to make the Checks interesting were dutifully admired

Leaving the river we encountered our very own road (or thought we had)

The Co- Hare denied any hand in the artwork.

and a stutter?

But it really was the name of the road.

A slight deviation into BJs for some of the Pack but he could not be persuaded to join us (or give us a beer or three).

Into Egerton Park which did not seem to have much parkland and then it was onto

Back at the cars **Snoozanne** had organised the food and possibly the liquid refreshments as well but I may be wrong and someone else should be getting the thanks. I am sure that I will be told.

Mad Hatter organised hot chips.

And all were refreshed and ready for the **RA**.

The RA (aka Co-Hare) asked for the Pack's opinion of the run. The main complaint was that there had not been an organised stop at BJ's nor at Peter Pan's.

The **Hares** for the run

Returnees. **Carthief**. There were comments that as he had been away so long he should be a virgin again

Mad Hatter for getting lost.

Snoozanne for being top of the stats

FCUK for cycling

Snoozanne for complaining about the route. (No beer stop at BJ's.)

We retired to the pub to warm up.
