

## ERSEY THIRSTDAYS HASH HOUSE HARRIERS

23rd August 2012

Run Number 215

Starting at Dee Hotel, West Kirby

**The Pack** Carthief, Snoozanne; Mad Hatter; 10", Tia Maria, Alternative Entrance(Hare) , Hanzel, OTT, Peter Pong, ET, Another Mucker Trucker, Sprog, Cleopatra, Overdrive, Barry

Meeting up in the pub as the tides dictated a later start and 10" decided that the table needed a wash

This was the signal and we all walked or drove down to Lingdale Road where we reassembled ourselves

The Hare confessed that she had not set any trail but said in her defence that it would have been washed away with the tide.

Followed by a set of routes equal to the number of hashers

And from the back

Arriving at Little Eye an R was quickly inscribed in the sand and the FRBs waited for the SRBs.

**Sprog** reckoned that he needed wellies after the last Hilbre run. His plans ran into a little difficulty when the boots filled up with splashed water from the puddles.

Off we went again

Arriving at the main island **Tia Maria** did her Juliet impersonation

## Seal watching

Followed by some tasty and some liquid refreshments kindly carted over by **OTT** and **Snoozanne**. **Alternative Entrance** produced a bottle of port, explaining that she had been unable to get Cockburns as the shop refused to believe that she was over 18.

Eventually in the gathering gloom we made our way back. Most of the Pack managed to slip at least once but **OTT** solved her problem

Back at the cars with Run 209 still fresh in the memories, the BBQ had been cancelled and finger foods it was with **Snoozanne** and **Mad Hatter** braving the Tills of Morrison's.

The **RA** called the circle to order and called up:

The Hare

Returnees: **Another Mother Trucker, Wigan Pier, Overdrive, Cleopatra.**

Beer spillage: **10”**

Those who did not fall over: **ET, 10”, Overdrive, Cleopatra, Mad Hatter.**

The Hare from the previous week (everyone was in a hurry for the curry)  
**Alternative Entrance**

**Alternative Entrance** was called up as it was her last run. Presented with a wild flower bunch, a Lambanana and a Merseyrail poster with special station names.
