28th March 2013

Run Number 234

West Kirby Concourse car park -On Inn at the Dee Hotel (Weatherspoons)

Pack: Snoozanne (Hare), Carthief, Chico, Compo, OTT, ET, Wigan Pier

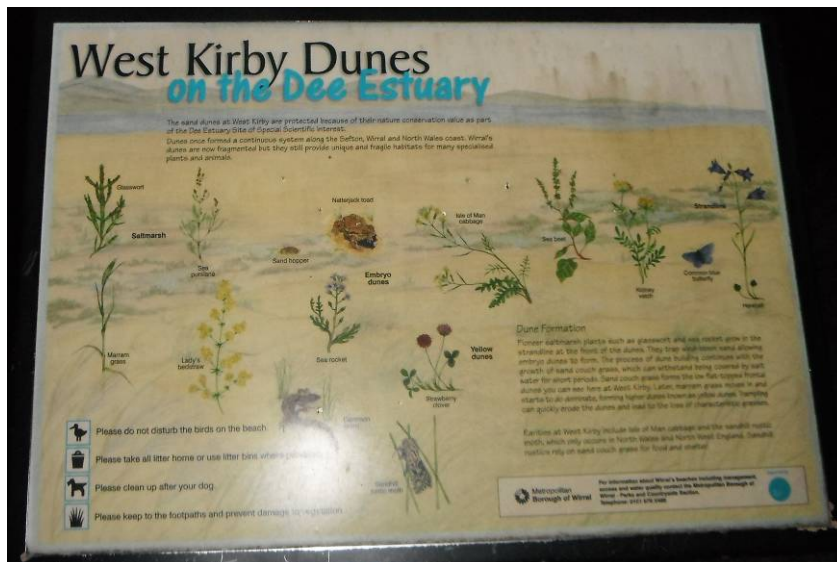

Another cold evening but the enthusiasm was still there as we prepared for another Snoozanne trail.

The Hare kindly gave us the initial direction and off we ran down Orrysdale Road. Then it was the lanes over the railway line to the main road

Along Meols Drive and Pinfold Lane to the

Through the dunes to a

Parallel to the beach back towards West Kirby with a false trail into Lingdale Road where this marking had the FRBs wondering if it was a Check Back 110 markings

Luckily it was not and the Morrisons sign beckoned

In all their variations

Hoscote Park

and then

through

to

to

where the FRBs gathered slowly

Until finally we were all there

An appropriate sign

Arriving at a Check and the Hare has a negative effect on the signpost. Yes that is snow around the base of the sign.

More evidence of the snow

A few more streets and then the ever uplifting

Back at the cars Snoozanne's efforts and those of Mad Hatter's deputy (no record of who it was) were soon demolished to create some inner warmth

The Down Downs were quickly called as we slowly froze.

The Hare for the run
Returnee Wigan Pier
Carthief for taking a wrong turn
Chico for his short tracksuit.

Retiring to the local pub to warm up. Another Mother Trucker turned up in the pub to hand over the WCH3 beer to OTT.

The shakiness apparent in the photos needs to be explained by Megapixel ET
