

ERSEY THIRSTDAYS HASH HOUSE HARRIERS

Run Number 24: The Ship and Mitre, Dale Street

The Pack: Bloody Bollox, Leakey Tool, Austin Powers, Jonah, Lilo Lil, RTfuct (hare) ...and much later...Sergeant Pecker, Snoozane, Long Paws, Bacardi Spice, Peter Pan and Bess the hound.

A very intimate grouping for run 24 from the Ship and Mitre on Dale Street but happily, one that included Miss Marple...oh no... that's **Lilo Lil** on the end there. Well, anyway, off we ran, into the rainy darkness, searching for blobs of flour / tiny lumps of dough.

At the fountain outside the museum we posed for a re-shot of the run number 1 picture – perhaps this one isn't one for the front of the website though **Austin Powers** is doing a very un-p.c. Heather Mills-McCartney impression whilst **Lilo Lil** got a bit cross because she thought her 'one of my legs is longer than the other one' trick was much better.

Back at the down-downs – the pack doubled in size as **Bacardi Spice**, **Peter Pan**, **Sergeant Pecker**, **Snoozanne** and **Long Paws** all showed up. Why bother with the trail when you can just

drink the beer? **Snoozanne** thought the whole thing was very funny. Well, most things are after spending a week in the prisons of Estonia.

Long Paws, show us how the Queen's guards stand in the sentry box outside Buckingham Palace

MTH3 – downing their beers with all the precision and devastating pace of a skud missile – well, almost.

Then a very fine, solo down-down by **Lilo Lil**.

The hare – what a BRILLIANT trail this week. Very well done to **RTfuct**.

...S-H-I-T-T-Y
Shitty, shitty trail...

Woah! Careful
not to let that
right tit get out
of control now!

And finally, **Bacardi Spice** cheerfully suggested that **Peter Pan** be awarded hash-shit for the week for making them miss the start of the trail. No-one could think of any objections to that, so **PP** dutifully took to his icy throne.
