

ERSEY THIRSTDAYS HASH HOUSE HARRIERS

28th March 2014

Run Number 262

Thomas Rigby's, 25 Dale Street, Liverpool, L2 2EZ

The Pack: Carthief; Cleopatra; Chico (Hare), FCUK, Virgin on the Ridickulous; Mad Hatter; Snoozanne

Your Scribe elected to turn his satnav off for the drive to the pub as the pub is immediately above the tunnel and the satnav had previously disconcertingly advised him that he had arrived at his destination part way through the tunnel

The pack met up in the pub and as it was raining the Hare elected to issue instructions whilst we were all dry outside inside the pub (there was also cider involved).

All the hi-viz flashes confused the camera but it made a brave attempt outside the pub

You just about make out the number of runners.

The run was a fairly standard Chico run i.e. lots of Checks and Check Backs.

V OR and Cleo posed with a SuperlambBanana

Obviously this bridge had to be on the trail

It rained throughout but the cunning Hare had anticipated this and kept us undercover for quite a while by running up all of the ramps between floors of a multi-storey carpark.

The view from the top was good (camera shake spoilt the evidence though). The Hare elected to run down the ramps again, whilst Cleo and Carthief took the stairs and arrived at the bottom at the same time as the rest who had taken the lift. The carpark attendant asked us if we had seen the signs but we had all been looking for trail and missed the bright red signs that said "No pedestrians"
