

## ERSEY THIRSTDAYS HASH HOUSE HARRIERS

1<sup>st</sup> October 2015

Run Number 302

- Wirral 100 - Prenton CH43 9JF

Compo, Carthief (co-Hare), ET, Snoozanne, Sticky Rice (co-Hare), Virgin on the Ridickulous, FCUK  
Sunshine + dog.

This was Sticky Rice's first Haring and we were treated to Brunei rules.

A circle for a Check meant exactly that. Check out over 360 degrees and she employed this to great effect to confound the Pack who were more used to a uni-directional run.

Trail was found leading up the hill and after several Checks where the 360 degree ploy was used we made our way down

Noctorum Lane (not to be confused with Noctorum Road, N Avenue, or N. Way) and another 360 Check. This one was slightly guessed (the Pack was getting used to the format) and trail was found across the Wirral Ladies Golf Club and onto Bidston Road where the Pack were greeted with a more usual Check.

Along Bidston Road to the traffic lights at Upton Road and Bidston Hill beckoned.

The usual suspects had started demolishing the trail

Arriving at the top the trail led over the bridge over Vyner Road North

Street view of the bridge

And onto the windmill where there was a Regroup

Down to the road with some of the Pack using the tunnel and some not

Leave Prev

On down the hill to the roundabout and then to Upton Station with the Hare reckoned that she had earned a rest

Maybe she knew something as the trail led along the path next to the motorway for what seemed like 3 miles before a Check at the railway pedestrian bridge. Our devilish Hare continued her trail along the path and we eventually crossed the railway line via an underpass

A few more checks and the (just about legible)

Back at the cars VR did her trick with the food and her GBBO look alike result.

The Hare was called up for the run. Not enough shiggy.

FCUK for his new car. The wheel was anointed. That is beer on the ground (not dog wee)

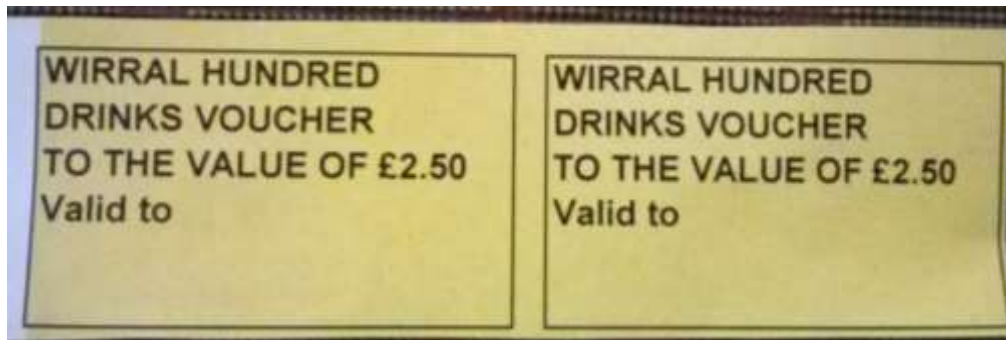

VR for her food including fruit cake

Snoozanne – Returnee.

Your scribe went off at this stage but the remainder retired to the pub

Where we won the quiz at the pub quiz.

The reward was quickly drunk.

Compo's route 6.01 miles
