

## ERSEY THIRSTDAYS HASH HOUSE HARRIERS

7<sup>th</sup> July 2016

Run Number 322

Lingdale Road, West Kirby

Wigan Pier, Carthief, FCUK, Mad Hatter (co-Hare), ET, Cleopatra, Overdrive, Rebecca, Victim, Victim's dog, Virgin on the Ridiculous, Snoozanne (co-Hare), Compo, Andreas, Ian, Dan

The Pack gathered at the end of Lingdale Road with various degrees of punctuality. FCUK and Andreas strolled along the road at about 19:15 but Rebecca was even later and your scribe volunteered to pick her up from the station whilst the remainder started on the soggy journey.

By travelling at least twice the average speed of the Pack Carthief and Rebecca caught up with the rest at Little Eye

Although only Victim seemed interested

After taking in the sites of Little Eye we ran along to Middle Eye

And a scramble onto the top

The view from the top

Snoozanne then produced glasses

and Jenever <https://en.wikipedia.org/wiki/Jenever>

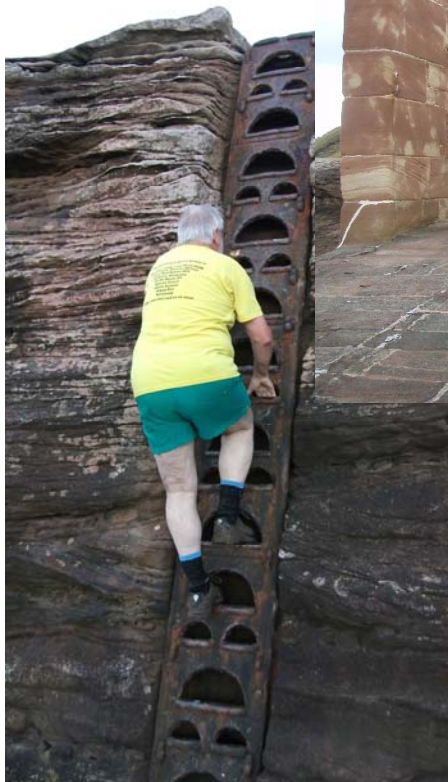

We were treated to a rainbow

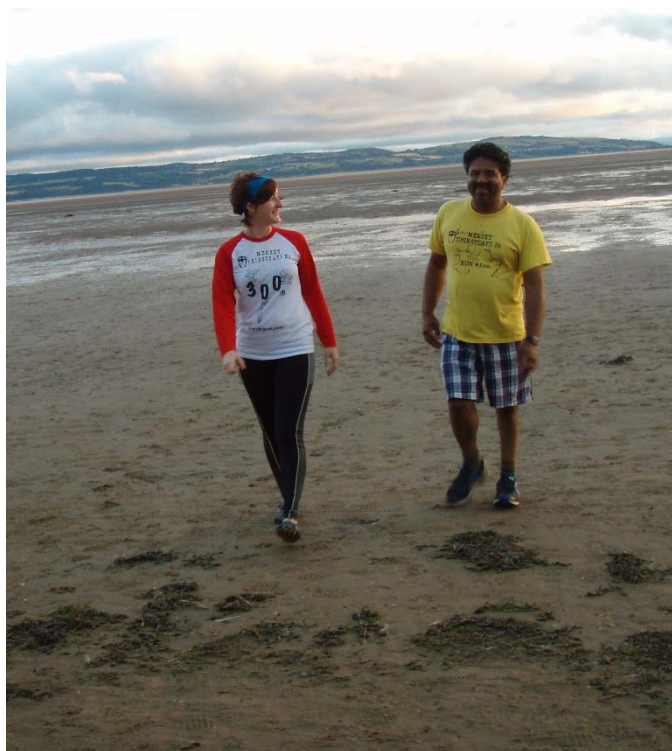

We ran onto Hilbre Island

And ran back again

Back at the start Mad Hatter had got the BBQ going and proceeded to produce a steady stream of bangers and burgers with Cleo assembling delicious vegetarian kebabs

We enjoyed hot food, no rain and warm enough to prevent shivering.
