Run Number 350

Lingdale Road and Hilbre Island

Compo, Carthief, ET, Victim, Hansel, OTT, Welsh Maid, Breast Stroke, Tagi, Snoozanne (co-Hare), Mad Hatter (co-Hare), Virgin on the Ridiculous

Meeting up at Lingdale Road

Hansel handed out peanuts for extra energy

There was a daring suggestion that the Hash Flash be moved onto the beach (rather than on the footpath as on previous versions).

Compo shot off across the sand with the rest of us wondering if he had been told about a secret beer stash on Little Eye.

Others took a more leisurely approach

Arriving a Little Eye Virgin on the Ridiculous found a camel to sit astride or is that a dinosaur (I mean the log).

After a Regroup the FRBs ran (walked fast) to Middle Eye and spotted the remainder well spread out (in terms of the gaps between them rather than any waistband increase)

Middle Eye and OTT's famous refreshments appeared

## A Hash Flash

With Carthief suddenly developing a third leg

Mid-summer temperatures (UK ones that is) were evident as we made our way across Middle Eye

Compo had his Romeo and Juliet moment on Hilbre Island

The Pack strolling on Hilbre Island

Welsh Maid made it to the top

The Pack made it back to the start where Mad Hatter had set up the BBQ

and a wind break.

The sausages and burgers went down well and then the rain started but did not stop the circle taking place.

Your scribe had to leave so the Down Downs were recorded as follows

### **OTT's recollection**

Down downs from temporary RA Hansel:

Welsh Maid- a returner, her drink grabbed from her hand by Hansel as she was driving

Compo for being all in a bilious shade of green

ET and Breast Stroke representing our tennis failures Andy and Jo

Snoozanne and Mad Hatter Hares and providing the BBQ

OTT for providing drinks etc. at Middle Eye

Tagi for passing her exams

Victim (not sure why, maybe bad behaviour of Luna)

Hansel omitted to give VR a Down Down, must remember her next time!

### **Victim's recollection**

Victim for either having a barking mad dog or failing to rise to the occasion and collecting the hash cash - not quite sure which.

Tagi for passing her German and Italian exams

OTT? for supplying G&Ts complete with a dash of lemon on Middle Eye.

Hansel for barbecuing skills
