

ERSEY THIRSTDAYS HASH HOUSE HARRIERS

Run Number 85 20th December 2007
London Road, Liverpool

The Pack: Carthief, Compo, Carless Whisper, Lilo Lil (Hare), Peter Pan, Bacardi Spice, Bess, Hansel, OTT, Snoozanne, Mad Hatter, Stenchfoot, Jemma, Eggshell Pink turned up for the food.

Arriving at the restaurant with no one else in sight, a quick look into the pub next door found **Compo** busy warming himself up (inside and out). **Lilo Lil** joined us and the locals were treated to a trio of festive headgear.

As more participants arrived, the pub was vacated and we stood about for what seemed like hours whilst **Hansel** and **Peter Pan** put on their outfits and admired each other.

Hansel bragging?
Was it a fish or
the size of the
parking space.

The Hash Flash was delayed so long that everyone got bored and this was the result:

Off we went around the sights of Liverpool with various policemen wondering and asking what we were doing.

After **Compo's** strenuous training and warming up he needed a rest part way round

Into a Shopping Mall where **Peter Pan** and **Hansel** took it in turns to look for each other. This left the rest to pose with various fantasy figures

The destroying of the Check did not help. It was eventually found under a blue bag

After a few more dimly lit streets we were treated to a run through Lime Street Station

Our Hare leaving the station

And so via the On Inn

to the end.

Gathering round the Lilo-mobile for the pre-dinner aperitifs **Hansel** told us how upon telling his pupils that he had classical music on his ipod was asked “Oh you mean The Rolling Stones and The Who?”

Peter Pan quickly ran though the sinners as we were all freezing and our gastric juices were churning at the thought of the feast to come (in the warmth)

Compo for his lounging about on the throne.

Stenchfoot Virgin

Hansel, Peter Pan for getting lost

Carthief for his flashing (light)

Snoozanne for finding a X at the end of the falsie and on being asked said “Go look yourself” (very Christmassy spirit)!

Lilo Lil The Hare

Hansel, Peter Pan for holding up the start with their wardrobe malfunction.

Compo for being roundly insulted when a local shouted “Come on Grandad.

Snoozanne and **OTT** for their comments about Thursday being Tuesday.

It did not take long for the Pack to reassemble in the Maharaja

Our **GM** and **OTT** pour over some detail the significance of which escapes me now.
