

**ERSEY THIRSTDAYS  
HASH HOUSE HARRIERS**

**Run Number 576 (AGM)**

**8<sup>th</sup> May 2025**

**AJ**

**The Pack: BS, PA (Hares), Snoozanne, Mad Hatter, FCUK, Now and Then, Wigan Pier**

BS and PA had gallantly agreed to set the AGM run - having hared the last run, too. [Note to Hare Razor – that lets them off the hook for a while].

For the Hash Flash, PA performed the trick of increasing the size of the pack by at least 16% - at the same time somehow making it look far more than that.

The trail went through the uni and into the mean streets of Paddington. Despite there being no false trails and 1 ↗ being on, members of the pack still powered off into the distance in the wrong direction ie the usual.

It was a lovely spring evening and we were bathed in sunshine. Nevertheless, some Hashers seemed to be expecting rain

Now and Then couldn't persuade any of his Hash friends to come and play...

... because they were too busy ignoring  
PA's artistic Regroup...

... but we did find a mystery photographer, with very long legs...

... and a tree that wasn't a tree.

Unwittingly, the run turned out to have 2 themes. Firstly, marking the 200<sup>th</sup> anniversary of the railways:

(It's a ventilation shaft for the railway tunnel)

And, of course, the run happened to be on the 80<sup>th</sup> anniversary of VE Day. We marked this by stopping at the Liverpool Heroes Memorial next to Abercromby Park

So keen were we to start the AGM, that the pack voted to cut the run slightly shorter than planned by the Hares - the allure of the loud music and sticky carpets of the AJ being greater than that of the pleasant evening sunshine – or perhaps it was the delicious and nutritious pizza?

First, though, we had the circle. Down downs were awarded to

Wigan Peer – for being bossy

PA – for falling asleep (that's Snoozanne's prerogative, of course)

Snoozanne – for accusing PA of not taking photos.

FCUK produced the dreaded bedpan

At which point, we could contain ourselves no longer and the Deputy GM (BS) opened the meeting (in the absence of the GM). The new Mismanagement was decided upon:

Snoozanne reported that the finances are reasonably healthy with over £140 in the Bank (including £18 interest earned). Biggest expenditure over the year was the £200 subsidy for 2-night trip to Snowdon\* and £200 Christmas meal subsidy.

We are covering costs so subs will stay at £2.50.

\*FCUK told us that the University chalet in Noth Wales has been closed down – declared unfit to use (we were all puzzled as to why that should be).
